MEMORANDUM FOR ALL OPERATING OFFICIALS

In looking over recent items in the office mail, it seemed clear to me that each of us in the Agency can take pride in knowing that our accomplishments do not go unnoticed. Attached are some examples of appreciation for the good and effective work being done by the Agency.

I think you will also find it a source of interest and satisfaction to know that commendations of Agency performance are not limited to the written words reflected here. For example, various key Congressmen who have traveled to various parts of the world in recent weeks have told us of their admiration for Agency personnel and the work they are doing.

I thought you and your people would want to know of this.

25X1A

L. K. White
Executive Director-Comptroller
